Thursday 8th December

Dear Parent or Carer

I would like to start by thanking all parents of Weston School pupils for being so supportive and cooperative during the current Covid outbreak at our school. Thank you for dropping your children at their classroom doors, for wearing masks while on school grounds, for keeping your children off school if they are unwell in any way, and for taking children for PCR tests after they have shown possible symptoms of Covid-19.

We have been in regular contact with the Hertfordshire Public Health team about our arrangements to stop Covid spreading further through our school community, and they have just approved the following extra precaution;

- From tomorrow (Friday 9th December) all siblings of children with a confirmed positive PCR test result should also self-isolate.

This applies to all brothers and sisters who also attend Weston Primary & Nursery School; they should self-isolate for the same period as the sibling with the positive PCR result (in addition, they should self-isolate for the usual 10 day period if they later test positive themselves in a PCR test).

This extra measure is designed to remove the risk of the sibling of a positive case, bringing the virus into school and passing it onto other children/families/staff. It should therefore help us get to a stage where we can get rid of the 'bubbles' we recently had to re-introduce, and get back to a more 'normal' school experience for all our children. It should also reduce the risk of Covid still circulating in our school community as families begin the Christmas holiday period.

Yours faithfully

Geoff Holmes
